Bureau of Information.

A bureau of information will be maintained by the management at the secretary's office in the Administration Building.

City Bureau of Information.

Under the direction of the Des Moines Chamber of Commerce a bureau of information will be maintained during the entire time of the Fair in the lobby of the Courthouse. A list of lodging and boarding houses, with prices will be kept by this bureau of information, and visitors are cordially invited to avail themselves of the opportunity thus afforded to locate lodging and boarding houses. You can feel perfectly safe in any place recommended by the Chamber of Commerce. They will also thank you to report to them promptly any exorbitant charges made by any boarding house, hotel or restaurant, barber shop, etc.

Day Nursery.

A Day Nursery will be maintained in the Women and Children's Building. This will make it possible for mothers with small children to attend and thoroughly enjoy the fair by leaving their children in the care of the nursery. Trained nurses will be in attendance each day and for a small fee the children will be well taken care of and entertained, but mothers will be required to furnish food for their own children.

Women and Children's Building

The Women and Children's Building is a beautiful structure located on the hill east of the Stock Pavilion and Agricultural Building. The location is ideal, overlooking the main portion of the grounds and exhibit buildings.

The rest rooms are large, well ventilated and comfortably furnished. The spacious porches offer a resting place for hundreds of people.

In addition to rest rooms and other conveniences for women and children, the building contains many exhibits and educational features, among which are the Baby Health Department, Day Nursery, where babies may be left in care of trained nurses, Women's County-Wide Project Exhibits by Farm Bureau Women, 4-H Club Girls' Demonstrations and Exhibits, an excellent Art Exhibit, Exhibit of State Traveling Library, and a room set aside for daily Demonstrations in Domestic Science; also a large auditorium in which programs of interest to women are given daily.

American Red Cross First Aid Station.

A first aid station will be maintained in the building east of the Women and Children's Building with a skilled physician and trained nurses in charge. The Fair Management provides the building and furnishings, but each patient is expected to pay a reasonable fee for services rendered.

Check Room.

Check rooms in charge of reliable persons will be located west of the Stock Pavilion, at the entrance of the auto parking grounds and in the basement of the Women and Children's Building. Packages may be checked at a nominal fee.

Post Office.

A substation of the Des Moines Post Office will be located on Grand Avenue, northeast of the Agricultural Building. The office will receive and distribute mail, sell stamps, postal cards and money orders.

C. E. CAMERON, ALTA.

President Iowa State Fair and National Live Stock Show.

Press Bureau.

The Fair will maintain a press bureau in the Administration Building with a competent person in charge. Manifold copies of the awards in the live stock departments, daily programs, special orders and announcements, official decisions and all other matters of interest or value to the public will be furnished to the press. Representatives of the press at large, who may be assigned to or visit the fair, are cordially invited to make this their headquarters and avail themselves of the facilities offered.

Express.

The express company's office will be located in a booth of the Stock Pavilion, between the north and east entrances. All express matter intended for delivery at the grounds should be marked and charges prepaid to the State Fair Grounds, Des Moines. All express sent to individuals or firms in care of the secretary will be found at the express office and not at the office of the secretary.

Railway Offices.

All the leading trunk lines will have a consolidated office in a booth east of the north entrance to the Stock Pavilion for the transaction of business and furnishing information relative to freight and passenger rates, departure of trains, etc.

Telegraph Offices.

A branch station of the Western Union Telegraph Company will be maintained in the lobby of the Administration Building.

Telephones.

A complete telephone system is maintained at the grounds jointly by the Fair management and the Northwestern Bell Telephone Company. Connections may be had to any part of the grounds, free; a toll fee of ten cents for down town connections is charged. The central office will be located in a building on Grand Avenue, west of the Old Mill.

Administration Offices.

All the officers and superintendents of the Fair will have offices in the Administration Building. This is a very handsome and useful office building, located in the center of the grounds. A cordial invitation is extended to everyone to make the building their headquarters while at the Fair.

General.

The management will consider it a kindness if persons will report any mistreatment or extortion practiced by any employe of the Fair or concessionaire. They also ask for immediate information regarding the sale of intoxicating liquors. Don't wait until the fair is over to report or file complaint, but do it immediately.

ANNOUNCEMENT

The Iowa State Fair of 1926 is essentially a fair of new features. It is different in many respects from any State Fair or Exposition that the mid-west has heretofore witnessed. Virtually every branch and every department contains departures which are out of the ordinary, things which have become of public interest during recent years and now command such attention that they deserve a place of their own in the makeup of the fair as a whole. For this reason, it is believed that the 72nd Iowa State Fair will hold more interest for the general public of the midwest than any exposition which Iowa has conducted in recent years.

Among the more outstanding new attractions which are especially worthy of mention here, and which are taken up more in detail elsewhere in this catalogue are the following:

The Feeder Cattle display, showing the advantages and disadvantages of various types of feeder steers from the profit standpoint. The State University exhibit, embracing a comprehensive showing of the work done in many fields of research in the various colleges at Iowa City. The corn borer exhibit, in which experts from Iowa State College give valuable advice to Iowa farmers on the control of this menace. The first annual Boys and Girls' 4-H Club Congress. The first state-wide hog-calling contest. The many new herds from distant states which are stopping off at Des Moines en route to the Sesqui-centennial at Philadelphia. The Whippet dog racing program in front of the grandstand, the first time that races of this kind have been seen in the state of Iowa. Massenet's grand opera, the "Herodiade," to be presented in front of the grandstand each evening of the fair.

These are merely a few of the new features. There are many others.

As has been the custom since it was founded, the fair seeks to present a true picture of the accomplishments realized in every major field of Iowa agriculture and industry. It is the annual show place of all that Iowa does and all things in which the people of the state are interested. There are

J. P. MULLEN, FONDA

features for young and old, for city dweller and farmer, for citizens from every walk of life.

Above all, however, the State Fair is the great, annual outing place for the people of the commonwealth. It combines education, inspiration and recreation in ideal proportions, and at a cost that is within the reach of those in even the most modest circumstances.

Iowa extends a hearty welcome to her people and to her neighbors from adjoining states at this, her seventy-second annual State Fair and Exposition.

MOTOR SHOW.

Due to the many changes which have taken place in the design and construction of automobiles during the past season unusual interest will attach this year to the annual mid-season Motor Show which is located in Machinery Hall on Grand Avenue. This show embraces approximately 100 different models of automobiles, trucks, tractors, busses, and automotive appliances. It includes everything from the light type small cars to the most luxurious limousines. Many of the new models for the 1927 season are being shown in Iowa for the first time as a special feature of this display. The show is open to the general public free of charge throughout the day.

INFORMATION.

Visitors will find convenient information booths located both at the Fair Grounds and in the city of Des Moines to answer all questions with regard to the exposition, road conditions, rooming facilities, etc. A special department to give information concerning the fair itself and to direct visitors to various exhibits which they may wish to see is located in the Administration Building at the corner of Rock Island Avenue and Grand Avenue. The

offices of the President, Secretary, and the Superintendents of the various departments of the fair are also located in this building.

Two special information bureaus are being maintained by the Des Moines Chamber of Commerce in cooperation with the State Fair Management. One is located in the Des Moines Court House to provide information relative to rooming accommodations. The other is situated on Grand Avenue between the administration Building and Machinery Hall and will answer questions concerning street car lines, automobile routes, and general information about the city of Des Moines.

FARM IMPLEMENTS AND MACHINERY.

The Machinery Show covers more than 40 acres of outdoor and indoor exhibit space. It begins immediately inside the main Grand Avenue entrance and extends for nearly two blocks to the south and more than two block to the east. The central feature in this exhibit is Machinery Hall in which will be found displays of home conveniences and smaller farm equipment of all kinds. The Automobile Show is also located in this building. The outdoor exhibit tract, adjoining this, contains the displays of all kinds of heavier machinery, featuring especially the many new improvements which have been made in the perfection of farm equipment during the past year. A tour through this department of the fair will prove highly educational to anyone interested in the farming industry, and will be invaluable to those who are considering the purchase of new farm machinery during the coming season.

NATIONAL LIVESTOCK SHOW.

This year's Iowa State Fair offers the largest livestock exhibit that has ever been assembled at any state fair in North America. It comprises approximately 7,000 head of horses, cattle, swine and sheep from widely known breeding farms in all parts of the United States. It is a national show in the truest sense of the word, including herds all the way from the Rocky Mountains to Ohio, and from Montana to Louisiana. The crowning event of this show will be the "Million Dollar Livestock Parade" in which the winners in all the main classes will be paraded in front of the grandstand on Thursday afternoon, September 2.

Visitors will find that every possible provision has been made for their comfort and convenience in all of the livestock buildings. These are cool, well ventilated, with wide aisles which make it easy to inspect all of the Experts from the State College and the United States Department of Agriculture will be on duty with the exhibit throughout the fair to answer questions and assist farmers in solving their feeding problems.

FEEDER CATTLE EXHIBIT.

Of outstanding interest in connection with the livestock show is the exhibit covering the subject of cattle feeding, which will be found in the cattle barn. This exhibit shows the four grades of feeder steers available to the average farmer, both before and after they have been fed out. It affords a splendid opportunity for the man who engages in the feeding business to determine those grades of stock from which he is likely to realize the largest profits. Adjoining the live animals in a large refrigerator is a display showing the carcasses obtained from steers of these same grades and the various commercial cuts of meat from these grades. The exhibit is put on through the cooperation of the United States Department of Agriculture, Extension Service, Iowa State College, and the Omaha Stock Yards. Experts from the State College and the United States Department of Agri-

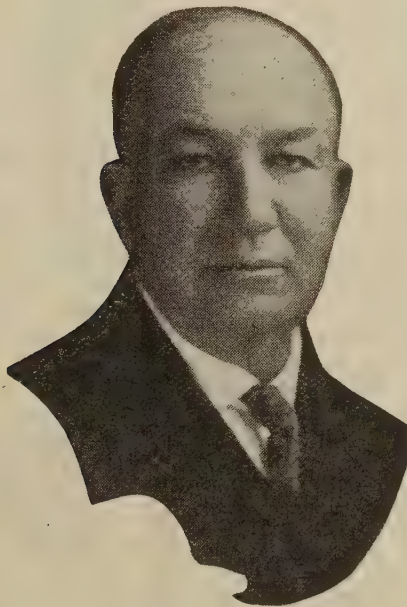

culture will be on duty with the exhibit throughout the fair to answer questions and assist farmers in solving their feeding problems.

AGRICULTURAL DEPARTMENT.

There is hardly a field of farming which will not be represented in the multitude of exhibits to be found in the Agricultural Building situated at the junction of Grand Avenue and Rock Island Avenue. The major features in this building are the county and individual farm exhibits of grains and farm produce of all kinds, the displays of Farm Bureau Projects put on by seven of the leading Farm Bureaus of the state and the Horticultural Exposition embracing fruits, flowers and nuts, raised by Iowa's champion growers. Occupying the center of the building is the official midwest show of the American Gladiolus Society, embracing nearly 500,000 blooms and said to be one of the most beautiful shows of its kind ever held in the midwest.

DAIRY EXPOSITION.

The entire north balcony of the Agricultural Building is given over to an all-Iowa dairy exposition. This includes a model creamery and ice cream factory, displays of the various kinds of creamery butter now produced in this state, educational exhibits showing the advantages of dairy products from the standpoint of health, and a mammoth statue carved out of Iowa butter. This section also includes a complete showing of modern dairy equipment of all kinds. The exposition is put on under the joint sponsorship of Iowa State College, the State and National Dairy Council and the Iowa Department of Agriculture.

F. E. SHELDON, MT. AYR.

Treasurer Iowa State Fair and National Live Stock Show.

FARM BUREAU EXHIBITS.

The many advances which the farmers and the farm women of Iowa have made during the last several years in the improvement of farming methods and the betterment of farm homes are graphically depicted in a series of exhibits in the Agricultural Building and the Women's Building, presented by 32 different County Farm Bureaus of the state. Seven of these exhibits, which are located in the Agricultural Building, show the leading projects which have been put on by the men's farm bureaus and the balance of the exhibits, situated in the Women's Building, show the projects of some of the leading women's farm bureaus.

Two special Farm Bureau Headquarters are being maintained on the fair grounds.. One is situated in the Agricultural Building to furnish general information regarding Federation activities, and the other is at the Farm Bureau camp ground. All Bureau members are invited to register at these headquarters while they are at the fair. Special attention is called to the big Farm Bureau program which will be held in the assembly tent east of the Livestock Pavilion on Monday, August 30. The detailed program will be found elsewhere in this catalog.

BOARD OF CONTROL EXHIBITS.

Special attention is called to a large exhibit under the amphitheatre showing the work of the 15 institutions under the supervision of the Iowa State Board of Control. Many special displays of cabinet work, carving, fancy work, etc., done by the inmates of these institutions are included in the exhibit. The Board of Control also has a large entry of fine dairy cattle in the Cattle Department of this year's fair, which will be well worth inspecting.

ART DEPARTMENT.

The Art Department, which is situated in the Women's Building is placing special emphasis on the work being done by Iowa artists. Some of the best painters and designers of the state have made entries in this year's competition, providing one of the best shows of this kind that has been held at the State Fair in many years. In addition to the Iowa display, there are also several loan exhibits by artists from other states.

BOYS AND GIRLS' CLUB DEPARTMENT.

More than one thousand Iowa farm boys and girls are participating in the first annual Iowa 4-H Club Congress and in the Junior Show which is one of the outstanding features of the Fair. This show and congress is the largest that has ever been held by any state in the union. It represents the finest work conducted during the last twelve months by nearly 20,000 club members on the farms of Iowa. Continuous demonstrations of club work by the girls' teams will be in progress each day of the fair in the Conference Rooms on the first and second floors in the northeast corner of the Women's Building. Similar demonstrations by the boys' teams will be in progress every day in the sale room immediately inside the main entrance of the Cattle Barn. Garden and agricultural projects exhibited by the club workers will be found on the west balcony of the Agricultural Building. The boys' pig exhibit is situated in the northeast corner of the Swine Barn, the lamb and wool exhibit in the Sheep Barn, and the baby beef exhibit occupies the entire Baby Beef Barn. Poultry exhibits by club members are situated in the Poultry Building.

Free dormitories are provided by the Fair Management for both the boys and the girls, throughout the entire period of the exposition. The fair has

also arranged to furnish meals at cost to all club workers, in a special junior dining hall located southeast of the Women's Building. A selected squad from the Boys' Clubs of the state will act as ushers in the grandstand each afternoon and evening of the fair.

JUDGING PROGRAM.

Fair visitors who are interested particularly in livestock are invited to take advantage of the free accommodations which have been provided for them in the Live Stock Pavilion and in the other show rings where judging will be in progress during the exposition. There is no admission charge for spectators during the judging and all who wish to view this are invited to do so. Horses will be judged in the forenoons in the Stock Pavilion. Cattle will be judged each afternoon in the Stock Pavilion. Swine will be judged both forenoons and afternoons in the Swine Pavilion and sheep will be judged in the Sheep Barn on both forenoons and afternoons. Some of the harness horses, saddle horses, and pony classes will be judged in the open air ring immediately east of the street car entrance, but the main classes in this division will be judged in the Society Horse Shows, beginning Monday evening, August 30, and continuing for four nights. The Society Horse Shows are the only events on the State Fair judging program for which admission will be charged. The judging of all open classes in the Livestock Department begins on Monday morning, August 30.

FREE CAMP.

Provisions have been made for accommodating fully 35,000 visitors in the 80-acre Free Camp Ground at this year's Iowa State Fair. Those who camp here this season will find that every possible provision has been made for their comfort. The camp facilities include electric lights, city water

service, excellent sanitary facilities, a special post office and a special fire department. The camp entrances to the fair grounds are as follows: Grand Avenue, street south of Poultry Building, street leading to exhibitors camp ground east of the Cattle and Swine Barns. For those who wish to go to Des Moines a special exit opening on Dean Avenue has been provided.

A high fence separates the camp from the fair grounds proper. Campers turn in their tickets for the day as they pass through into the fair grounds, and if they wish to return to the camp they may obtain special return checks from the keepers at any of the camp ground entrances.

Farm Bureau and Farmers' Union members are invited to take advantage of the separate camps which have been set aside for these two organizations. Both of these camps are located conveniently immediately adjoining the fair grounds, and both maintain special camp headquarters for their members. The County Agents of Iowa also have a camp of their own, which is situated directly south of the Farm Bureau camp site.

IOWA STATE COLLEGE EXHIBIT.

Iowa State College this year has one of the most interesting exhibits that it has ever brought to the fair. It includes the results of many of the most important experiments which have been conducted at the Experiment Station at Ames, during the past twelve months, and covers such subjects as cattle feeding, farm management, economical planning of farm buildings, control of the Corn Borer, and many other matters of vital interest to every Iowa farmer. Experts from Ames are on duty with this exhibit throughout the period of the fair and will be glad to counsel with fair visitors regarding any of the problems on which they need assistance. The exhibit is situated under the grandstand and easily accessible to everyone.

IOWA DENOMINATIONAL COLLEGES.

A number of the leading denominational colleges of Iowa have assembled a special exhibit in a booth at the west end of the grandstand, where they will maintain headquarters for alumni and prospective students during the fair. This exhibit will prove to be especially valuable to young men and women who are considering taking up higher education.

STATE UNIVERSITY EXHIBIT.

One of the most interesting displays on the fair grounds from the standpoint of the general public is the exhibit which is put on by the State University of Iowa, and which is located in the large tent one-half block southwest of the Administration Building. This display covers many of the unusual fields of scientific research carried on by the classes in the various colleges at Iowa City. It shows the uses of X-ray and radium in the curing of disease, the methods by which the Children's Hospital is bringing health to hundreds of crippled and deformed Iowa boys and girls every year, the way in which various medicines are made at the School of Pharmacy, and other interesting methods employed in numerous other sciences. The College of Engineering has built a complete model city which is operated by a model electric power plant. The Physics Department is putting on daily demonstrations of glass blowing. The Taxidermy Department has a demonstration of the methods employed in preparing and mounting various specimens of birds and animals. The Athletic Department has arranged an exhibit showing the benefits which young men and women receive from college athletics. University authorities will be on duty with the exhibit to explain its various features to visitors and to discuss University training with any who are interested in the subject.

STATE HIGHWAY COMMISSION.

In view of the widespread agitation over the question of good roads, taxpayers will find special interest in a large exhibit on Grand Avenue which has been arranged by the State Highway Commission. This exhibit shows the methods employed in constructing Iowa highways and the progress which has been made to date in road improvement.

FISH AND GAME EXHIBIT.

With a complete new set of aquariums and pens, the Fish and Game display at the State Fair this year is the finest that the State Fish and Game Department has ever put on. New buildings housing this exhibit are situated on the north side of Grand Avenue immediately inside the main entrance to the grounds. The exhibit includes virtually all of the fish, birds and game native to Iowa, and it also embraces a large collection of bird eggs and a collection of mussels. Free motion pictures will be put on daily showing the work of the Fish and Game Department in conserving Iowa wild life.

STATE BOARD OF EDUCATION.

The many branches of education which are covered at the State University, the State Teachers' College, and the State School for the Blind, are presented in a series of booths located in the Exposition Building. These booths will prove especially interesting to teachers and those who are concerned with the progress of educational work in Iowa.

SHEPPARD-TOWNER CLINIC.

Parents who have children between the ages of two and six who are not making the progress that they should or who are handicapped by being crippled or deformed should avail themselves of the free clinic which is being conducted in the Women's Building, through the cooperation of the Extension Division of the State University of Iowa. The services of this clinic are available free of charge under the Sheppard-Towner law.

TEAM PULLING CONTEST.

The fourth annual Iowa Team Pulling Contest opens on Monday, August 30, on the special pulling field which is located directly south of the street car entrance. This contest, which is open to any team in Iowa, has been one of the great features of the fair for several years, and provisions have been made this year to accommodate even larger crowds than before. Free bleachers are provided for 2,000 spectators, and standing room is available for at least this many more. The contest is sponsored jointly by the Horse Association of America, Iowa State College, and the Iowa State Fair. An effort will be made to set a new national pulling record in this year's event.

WOMEN'S EXPOSITION.

The home, and home making features, predominate in the exhibits and daily programs of lectures and demonstrations of the 1926 Women's Exposition which is being held in the Women's Building. The past year has marked a great increase in the interest which women throughout the country have manifested in the whole subject of "Home Improvement," and this interest reflects itself in almost every phase of women's work at this year's fair. The daily programs include such interesting subjects as home furnishing, home management, interior decoration, cooking, style shows, baby health, dressmaking, nature study, pageants, the drama, and public welfare work. All of these activities center in the Women's Building. Women are invited to make their headquarters at this building while attending the fair and to make free use of the many comforts and conveniences which it provides.

CHILDREN'S PLAYGROUND AND NURSERY.

Mothers who wish to leave their children for a time while they enjoy the various features of the fair are urged to employ the facilities provided by the free children's playground and special day nursery. The playground is especially for older children and is located immediately south of the Wom-

en's Building. It is completely equipped with modern play apparatus of all kinds, and it is under the supervision of trained workers from the Des Moines Playground Association. The day nursery is for small babies and is located in the Women's Building. Competent trained nurses are in charge and mothers may leave their babies here as long as they like for a nominal fee.

STATE HORSESHOE PITCHING TOURNAMENT.

Iowa's annual state wide Horseshoe Pitching Tournament opens on the special courts, immediately north of the Horse Barns, on Monday afternoon, August 30. Spectators will find free bleachers provided for them, and the public is welcome to witness this tournament free of charge. Entries promise one of the most keenly contested events of recent years.

WOOL EXHIBIT.

Attention is called to a special exhibit of fleece and wool which will be found on the new balcony in the Sheep Pavilion. This exhibit, which constitutes a splendid showing of the high standards maintained in Iowa wool production, is put on under the joint sponsorship of the Iowa Fleece and Wool Growers Association and the Iowa State Fair.

OLD FIDDLERS' CONTEST.

The second annual state-wide Old Fiddlers' Contest will be held on Friday and Saturday, August 27 and 28, in the Assembly Tent, east of the Live Stock Pavilion. This contest is limited to old fiddlers 50 years of age or more, and the general public is welcome to witness the competition. Fully 100 fiddlers from all parts of the state have been entered for the event this year.

HOG-CALLING CONTEST.

A new and unique competition which is being inaugurated at the State Fair this season is a state wide Hog-Calling Contest which will be held in the Swine Pavilion on Friday morning, September 3. This contest is open to anyone in Iowa and cash prizes totaling \$50 will be paid to the winners. The public is welcome to attend and witness the competition free of charge.

STATE-WIDE MEETINGS.

The State Fair this year is the scene of many important state-wide gatherings among which are the following:

Iowa Farm Bureau in the Assembly Tent, Monday, August 30.

Old Soldiers' Program in the Assembly Tent, Tuesday, August 31.

Farmers' Union in the Assembly Tent, Wednesday Afternoon, September 1.

County Agents' Conference, Auditorium Women's Building, Monday evening, August 30.

Hawkeye Red Polled Cattle Breeders' Association, Sale Ring, Monday evening, August 30.

Iowa Corn Growers' Association, Assembly Tent, Wednesday forenoon, September 1.

Iowa Poultry Breeders' Association, Poultry Building, Monday, August 30.

Iowa Gladiolus Society, Auditorium, Women and Children's Building, Tuesday, August 31.

State Horseshoe Pitchers' Meeting, Horseshoe Courts, Tuesday evening, August 31.

RACING EVENTS.

The afternoon racing program, which will be held in front of the grandstand each day of the fair, contains more new features, larger purses, and a greater variety of events than any that has ever been presented on the Des Moines track.

Five afternoons will be devoted to horse racing, with more than 200 fast harness and running horses entered from well-known stables throughout the midwest and with purses totaling over \$21,000. Programs on four afternoons, August 30, 31 and September 1 and 2, will include both harness and running events. Saturday, August 28, will present an entirely new type of program—a complete afternoon of running races, featuring the Iowa State Fair Derby and a number of other fast races of this character.

On six days of the fair, beginning Saturday, August 28, and continuing through Thursday, September 2, the afternoon racing programs will be augmented by Whippet Dog racing, one of the fastest outdoor sports ever introduced in this country. There will be a program of seven dog races on each of these afternoons with entries from some of the best-known eastern, southern and midwestern kennels. Whippet dog races are now the center of interest in the East and South, and Iowa fair visitors have a new treat in store for them when this sport is introduced to the people of the state at this year's fair.

As in past years the opening and closing Fridays are devoted to automobile races. Many widely known dirt track stars are entered for these events this season. There will be ten races on each day's program, ranging all the way from short dashes for the lighter cars to the long distance sweepstakes events for the heavier models. Special interest will center around the appearance of Miss Joan La Costa on Friday afternoon, August 27, in an attempt to set a new half-mile dirt track record. Miss La Costa is present holder of the women's world championship, and her appearance at the fair is one of the biggest events of recent years in racing circles.

MUSICAL ATTRACTIONS.

Many widely known bands and orchestras have been engaged to furnish the musical program for the fair this year. These include Thaviu and His Band, the Fort Dodge Municipal Band, the Third District Legion Band, the Murray Family Orchestra, Cliff Mandy's Orchestra, the Old Soldiers' Drum Corps, the Halcyon Players, the Four Horsemen, and the Iowa State Fair Quartette. Continuous concerts will be presented in all parts of the fair grounds from 9 a. m. until 11 p. m. every day of the exposition.

LOUD SPEAKER.

For the convenience of the grandstand crowds at the afternoon and evening programs, the fair management has installed this year the very newest and latest type of modern loud speaker, designed and constructed by the Northwestern Bell Telephone Company. This mechanism will make it possible to hear all announcements and all musical programs with absolute clarity in all parts of the grandstand and bleachers.

NIGHT SHOW.

The big fireworks spectacle which will be presented in front of the grandstand on six nights of the fair, will commemorate the 150th anniversary of American Independence. The spectacle "1776" centers around the historic scenes and famous battles of American Revolutionary Days. In fire, action and tableau, it recreates such historic episodes as Washington Crossing the Delaware, the Boston Tea Party, the battle of the Bonhomme Richard, the Surrender of Cornwallis, and Paul Revere's Ride. A stage more than 500 feet long and scenery more than two stories high, with settings representing Boston Harbor, Old North Church, Concord, and other

landmarks of Revolutionary history, will be employed in the presentation. The fireworks spectacle itself will use more than 40 tons of fireworks in its numerous episodes. Two hundred characters, garbed in the costumes of 1776, will take part in the action of the spectacle. This is said to be one of the more inspiring presentations of its kind ever conceived by American pyrotechnicians.

In addition to the main spectacle, a special program of scenic aerial fireworks will be presented in front of the grandstand each evening.

"HERODIADE."

Several of the most famous scenes from Massenet's famous grand opera, the "Herodiade," will be presented in full operatic form in front of the grandstand as a special feature for music lovers each evening of the fair. A number of noted opera singers will take the leading roles, accompanied by Thaviu and his Band, assisted by the Halcyon Players, and an international ballet.

SOCIETY HORSE SHOWS.

Lovers of fine horses will want to make special note of the four evenings of Society Horse Shows, which are scheduled for this year's fair, August 30, 31 and September 1 and 2. These shows will be held in the Live Stock Pavilion, beginning at 7:30 p. m. Many of the finest stables of the Midwest and South are represented among the entries. There will also be a number of special features on the program of these shows including polo classes, entries by members of United States Cavalry, and exhibitions by six-horse and six-mule teams.

CIRCUS AND HIPPODROME.

Fifteen outstanding circus and hippodrome attractions will augment the daily programs in front of the grandstand each afternoon and evening. These acts run the entire gamut of circus amusement, ranging all the way from trained elephants to trapeze performers, and from clowns to oriental gymnasts. A complete list of these various acts will be found elsewhere in this catalogue.

ARTHUR MIDDLETON.

Probably the outstanding musical event of the fair is the homecoming of Arthur Middleton, native Iowan who has won international fame as the baritone of the Metropolitan Grand Opera of New York City. Mr. Middleton will appear at the fair on Sunday evening, August 29, in the leading role of the great sacred operatic production, "The Birth of the Messiah." He will be assisted by a number of other leading grand opera soloists, a professional chorus of 40 voices and Thaviu and His Band. "The Birth of the Messiah" covers the time of the birth and early life of Christ, and includes many of the most famous arias and choruses of grand opera and oratorio of the last seven hundred years. For those wishing to hear this great production, special attention is called to the fact that it will be presented on one night only, Sunday, August 29.

MORRIS & CASTLE SHOWS AND RIDES

East of Grandstand.

THE HALL OF FAME.

Not all of the educational exhibits of the State Fair are this year going to be housed in permanent fair ground buildings, for this year the Morris & Castle Shows, who are occupying the midway of the fair, for the first time, have succeeded in building and perfecting the most novel, interesting and educational attraction, rightly called "The Hall of Fame," ever placed under canvass.

It represents an expenditure of some \$28,000.00, and took Messrs. Morris and Castle more than two years to build and assemble, it being a production in wax of the 29 presidents of the United States, from George Washington down to and including President Calvin Coolidge, along with such figures as Betsy Ross, Barbara Frietchie, Generals U. S. Grant, Robert E. Lee, Stonewall Jackson, and John J. Pershing, and Admirals Farragut and Dewey.

This attraction should be seen by every man, woman and child who comes to this year's State Fair, as never before in the history of carnivaldom has an outdoor organization presented an educational attraction of this high caliber.

NAPOLEON.

Not Napoleon, the conqueror, but "Napoleon," the big 5 foot 3 inch, highly educated and performing chimpanzee, of both "movie" and big-time vaudeville fame, who does everything a human being does except talk, and talk he would, according to his trainer, Capt. Andre Anderson, if he but had a palate.

WATER CIRCUS AND AQUATIC FANTASY.

Twelve acts presented in and under the water by seven beautiful and talented diving girls, water clowns, high divers and logrollers. A real aquatic offering by such nymphs as: Pauline Black, Mabel Love, Dorothy Brown, Betty Mitchell, Agnes Love, Mabel Bell and Lorraine Wilson, assisted by "Napoleon," the world's greatest water clown, with a high dive from the top of the 97-foot high ladder into a tank holding but five feet of water when filled to the very top, brings a 37-minute program to a most fitting climax.

MABEL MACK'S RODEO.

Sports of the western plains, presented by real cowboys and cowgirls, under the personal direction of Mabel Mack, America's only woman equestrian director of wild west shows, with hippodrome acts as fillers, Miss Mack featuring her eight military mules in an act that rivals those of Arabian stock seen with circuses.

This is not merely a wild west show but has many contest events of the rodeo, and she presents Jimmy Foster, one of the youngest champ rope artists now appearing before the public, in an exhibition of trick and fancy rope spinning and catching.

"THE CHARLESTON STEPPERS."

A musical, dancing and living art posing review, under the personal direction of Miss Elsie Calvert, which is a bit different, and far more meritorious and entertaining than most girl shows presented on a fair midway in the past, devoid of either oriental or hula dances, or anything a bit too "spicy" that would offend the most fastidious or exacting.

Eight beautiful and talented girls present this entire performance, assisted by Joe Girnau, the boy baritone, whose song, "Pal of My Cradle Days," in picture with the girls' quartette number, "Tie Me To Your Apron Strings Again," in posed picture, being one of the big hits of the twenty-five minute program.

Art poses of old and famous paintings, aided by electrical and scenic effects, also the big and feature "Charleston" part of the program, by the entire company used as a finale, is something out of the ordinary under canvas.

CIRCUS SIDE SHOW.

A big part of a circus or carnival or midway organization is the side show, and Morris & Castle's side show is under the management of Johnny Bejano, peer of all managers. He is presenting under one canvas the largest collection and most interesting freaks of the hinterland, withal being new to this fair ground midway.

THE MOTOR DROME.

In search of a thrill, no one need wander down the midway farther than the mammoth portable Motor drome, where boys and girls mounted on motorcycles, race and ride at the breakneck speed of from forty to sixty miles per hour on the straight walls of "the saucer of death," defying all laws of gravitation, just to give a thrill to the jaded amusement seeker. Featuring "fearless" Virginia Suddeth and Zeke Shumway, the greatest portable drome riders in America.

THE PALACE OF WONDERS.

Another side show featuring Princess Lola and her Chinese cabinet disappearing act; Millard Turner, the handless mechanic; Prof. Levina, magician and card expert deluxe; Veto, and his trained and performing bear; and the Venetian Glass Blowers.

THE MONKEY SPEEDWAY.

Little monkeys, in electric-propelled racing autos, which they propel themselves with a foot lever, vie for honors on the banked circular track, and provoke many a peal of laughter from the little ones.

THE MIDGET THEATER.

Five little midgets, assembled from all parts of the globe, all performers, entertainers, singers, musicians or dancers, featuring America's most perfectly formed midget and fashion plate, Johnny Miller, of Chicago, and the world's only living midget mother and daughter, Mrs. Doefler and her daughter Angeline, the mother 54 years of age and stands 26 inches in height, and Angeline, the daughter, 25 years of age and 28 inches tall. Major and Anna Hall are the other two, both clever singers, musicians and dancers.

FREAK ANIMAL EXHIBIT.

Thirty-seven, and no two alike, of some of the most wonderful and interesting domestic freak animals ever assembled under one side-show top, which is most interesting to the farmer and stock raiser, which always are in the majority at state fairs.

EARL FERRIS, HAMPTON

Director, Third District

Superintendent Agricultural, Horticultural and Floricultural Departments
Iowa State Fair and National Live Stock Show

WAR EXHIBIT.

A wonderful and mammoth collection of the World War relics, uniforms, photos and firearms used in the "Struggle of Nations." Interesting and authentic photos of the battlefields of France, Germany and Belgium are to be seen in this collection.

PENNY ARCADE.

For the little ones, is the Penny Arcade, and even the young ones of forty to sixty like to peep in the little magic boxes, and turn the crank that grinds out the pictures.

FUN SHOWS.

"JIGG'S BUNGALOW"—The funny old house of angles and mystifying lights that produces funny sensations and many a laugh.

"THE BUGHOUSE"—The puzzling house of mirrors and many plate glasses, where one loses one's way, and has a good time and laugh over it.

"HIGH LIFE"—Just what the name implies, and for laughing purposes only, and to tell more about this fun factory would give the "kick" away, but there is a guarantee that goes with every ticket sold, that is a laugh a step.

RIDES.

MERRY-GO-ROUND—A \$15,000.00 Coney Island machine, the most beautiful and elaborate swing ever carried on the road by an outdoor amusement organization.

THE WHIP—With plenty of speed, and a brand new one at that.

THE CATERPILLAR—Constructed to allure the young maid and maiden who like to get a kick under cover.

FERRIS WHEEL—Oldest of rides, but who doesn't like to take a ride high above the midway, and look it over.

DANGLER—It swings you high and wide, with a thrill.

"THE HEY-DEY"—London's latest ride sensation, and never before on these state fair grounds, being presented for the first time in America.

"THE DODGEM, JR."—Another equally thrilling and alluring ride, that is also carried by a midway organization for the first time this season.

"THE ROCKY ROAD TO DUBLIN"—Behind little Mexican burros, and riding in little carts, through dark passages, at a snail-like speed is alluring if with one you love. That's a tip.

NOTES ON THE PROGRAM IN MAIN AUDITORIUM.

The Better Homes Movement is so sweeping our country in both town and rural communities. The program committee believing this movement is important and worth while have endeavored this year to build a program around the Home, demonstrating ways of making the house more beautiful and attractive to those who live within its four walls, creating a greater love for art and music, and nature study, demonstrating how to play, and how to keep well and fit through proper exercise. Believing you will be interested in knowing something about the people who put on the daily program, we are giving the following condensed information:

The State Parent Teachers Association, Mrs. B. C. Hopkins of Des Moines, President, is responsible for the first half hour. This is sufficient assurance that the Motion Pictures and the Playground Demonstration will be both instructive and entertaining.

Mrs. Henry Ness of Ames, who demonstrates "The Hanging and Framing of Pictures in the Home, and Handicraft Helps and Hints" is especially

well prepared to present this work. She is a graduate of an eastern art school and is an authority on pictures. She is Chairman of the Art Committee in the Iowa Federation of Women's Clubs, has taught in Arkansas and other states and is now on the staff of the Home Makers Division, Iowa State College.

Mrs. Frank C. Wilcoxon, who demonstrates "Physical Education and Gymnastics," is an experienced teacher. She is a member of the Physical Education Committee of the Des Moines Y. W. C. A. This committee is offering splendid opportunities to the women living in Des Moines through its classes in all phases of physical education work, night classes, etc., and is now considering a plan for broadcasting health exercises which will carry this important health work to towns and communities outside of Des Moines.

"The Little Country Theater" under the direction of Professor Fredrica V. Shattuck, Head of the Department of Public Speaking at Iowa State College, is beginning its sixth season at our State Fair. We can not say too much in praise of the splendid work of the players selected by Miss Shattuck and of the high class of plays presented twice daily on our program. The players are students in the classes in play production and members of the Dramatic Club of Iowa State College. The actors include students who have been superintendents and teachers in consolidated schools, members of the Farm Bureau and representatives of the rural communities of Iowa. Miss Shattuck has recently returned to Ames from a year spent in special study at Columbia University.

Mr. G. W. Olinger of Maxwell is fast gaining a reputation in the state for his excellent work in chorus training. This is his second year on the program; his selections are good, his singers well trained and although he appears on the program immediately following the noon hour, he always has a large and appreciative audience. This year he is giving several concerts and presenting both men and women's choruses, trained entirely by himself.

"An Old Fashioned Album" presented by Miss Frances A. Sims of Iowa State College is a very attractive and lovely feature, and will prove to be very popular with old and young alike. Miss Sims, who is also an instructor at Iowa State College, had her art training in an eastern school, is a graduate of Chicago University and has taught in the Home Economics Department of the University of Texas and other states.

John Burgess Woodmansee appears daily on the program as whistler and bird imitator. He will illustrate parts of his program with live birds and animals. This is sure to prove a very popular attraction. Mr. Woodmansee, since a boy of seven, has been interested in the study of nature, and, when not in school, has spent a great part of his time out of doors with the birds themselves. He has recently spent some time in the northern woods studying the birds and animals of that region, and will tell his audiences about some of the things he learned while on this trip.

The program would not be complete without the Artistic Dances by the pupils from Caroline Putnam Crawford's Studio, Des Moines. Mrs. Crawford presents her pupils in large and small group dancing and in solo parts. They demonstrate the excellent training they have received by their delightful program of dances. This feature is always considered a beautiful ending to the daily program.

Anyone appearing on the daily programs will be glad to hold conferences with interested persons. If you wish advice, come and talk over your special problem with those who can help you.

IOWA STATE COLLEGE EXHIBIT**Exhibit Room Under Grandstand.**

"To reduce the cost," is the theme of the huge exhibit of Iowa State College this year. Some of the ways in which this may be done are told by the many departments of the five divisions of the college—Agriculture, Engineering, Home Economics, Industrial Science and Veterinary Medicine.

AGRICULTURAL DIVISION.

1. **Farm Crops and Soils.** Iowa in many regions has a problem of building up soils or of adopting a system of permanent fertility. What the effect of various fertilizers, limestone, phosphates and manure, have been on corn, oats and clover, grown on 43 different fields in various parts of the state are shown in this exhibit. The results of variety tests and yield experiments comprise the crops exhibit. The total income over a ten-year period from two, three, four and five-year crop rotations is shown.

2. **Animal Husbandry.** How to reduce the cost of producing pork, beef, poultry and dairy products constitute the basis of the animal husbandry exhibit.

3. **Fruit, Flower, Vegetable Culture.** Vegetable and fruit growing problems are dealt with in this exhibit. Another feature includes flower culture and something of the make-up of baskets, floral decorations and bouquets.

VETERINARY MEDICINE.

In this portion of the exhibit is shown what are believed to be the most expensive animals in Iowa. They were captured by faculty and students of the Veterinary division. These animals cost Iowa farmers millions of dollars annually, yet they produce nothing of value. These animals are called parasites and they are of interest to every farmer and livestock man.

HOME ECONOMICS.

Many ways to "cut the cost" in the home are shown by the various departments of the Home Economics division. It shows the following places to effect economy: In the preparation and choice of foods; in the choice and care of clothing; understanding of correct colors and design and how to make the home beautiful without the need of large expense; what kind of footwear to select and attention to the feet that will aid the home maker in performing her tasks with ease and efficiency.

INDUSTRIAL SCIENCE.

This division includes the entomology and zoology departments which have an extensive display on the European corn borer. Specimens and work of this dread pest are shown and a vast amount of information given to aid Iowans in understanding the danger of this pest. The public speaking department as in past years, is giving plays each day in the Women and Children's Building. The chemistry, bacteriology and plant pathology departments have exhibits.

ENGINEERING.

Fair goers should see the "Ames Galloiwog," the central feature of the Engineering division exhibit. The various departments of this exhibit show many ways in which cost reduction can be effected on the farms and in the homes and industries of the state.

STATE UNIVERSITY OF IOWA, IOWA CITY

The state university at Iowa City will conduct an educational exhibit in a large tent located southeast of the bandstand on the Plaza. The ample space will provide a large shady rest room with comfortable chairs and settees. Here a receiving set will reproduce special programs broadcast from the University Radio Station, WSUI.

Medicine, Dentistry, Nursing, Pharmacy.

An exhibit from the College of Medicine will show the use of the X-ray and radium in the treatment of disease. A set of casts and appliances will show how crippled children are made whole again. A nurse will demonstrate their use. The Dental College will show how crooked teeth are straightened. A regular clinic will be in operation for the examination of children's teeth. The growth of medicinal plants and the processing of their parts into drugs will be shown by the College of Pharmacy.

Engineering.

The Department of Hydraulic Engineering has constructed a complete water power plant in the form of a model village with various public utilities in operation. Demonstration of a telephone switch-board, house wiring, the conduct of current by high tension wires will be demonstrated on actual models by the electrical engineers. Sanitary Engineering will show methods of filtration and purification. A model gas engine built by students of the college will be on exhibition.

Other Departments.

A group of mountain lions mounted by the Taxidermy Department will be exhibited with demonstration of museum methods. The gymnasium people will conduct tests of lung capacity, lifting, strength, etc. Students from the School of Journalism will have an editorial office and will handle all the fair news for one of the Des Moines papers. The Alumni Bureau will have a desk with register for Iowa graduates. A complete file of all University Publications will be shown and information on all phases of the University work can be obtained.

Child Welfare and Parent Training.

In the Women's Building the University will have a consultation clinic for parents with problems in child management. There will also be a maternity exhibit covering care of babies, layettes, maternity welfare, etc. These two groups are made possible through Sheppard-Towner funds. The University joins also with other state schools in an exhibit of the work in Parent-Training conducted under the Laura Spelman Rockefeller grant to Iowa.

SYNOPSIS GRAND OPERA "HERODIADE."

Presented by
A. F. THAVIU.

Historic Event During the Reign of King Herod.

Cast of Characters.

Elvira.....	Soprano—Lillian Cummings
King Herod.....	Bass —Arthur Deane
Marcus Octavius.....	Tenor —Henry Thompson
(Roman General)	
Barambus, the Spy.....	Baritone—Milo Luka
Ladies in waiting, courtiers, soldiers and grand ballet.	

Story of the Play.

The scene starts with a grand reception in the Hall of Fame, given as a prelude to the arrival of the great Roman General Marcus Octavius. The reception is of unequaled grandeur and magnificence. King Herod receives his guests and, after salutations, commands the Royal Terpsichorean artists to appear and dance before the assembled multitude. During their gyrations, from the distance is heard the fan-fare of clarions and trumpets proclaiming the arrival of the victorious General.

He enters amid the hurrahs, floral tributes and general acclaim of the people to their hero.

After his acknowledgment to his sovereign, suddenly the Passing Bell for the dying and dead is heard slowly tolling.

"The knell of death! For whom?" asks the General. The King replies, "For Aurelia." "Then what avails life?" cries the General.

Now Aurelia was the consort of the Emperor, but secretly the General was in love with her. The King, suspecting this intimacy, had arranged a surprise, having given his wife a sleepnig potion, which had the power to make the recipient appear dead.

Suddenly the King draws a curtain, disclosing the Queen lying upon her bier. The King commands all to draw near, proclaiming: "This woman, once my wife, the foulest outrage brought upon my name. 'Twas I who took her life."

Marcus, enraged, crying, "Murdered," rushes, with drawn sword to slay the King, but is intercepted amidst much confusion as the curtain slowly drops to the finale.

Chorus assembled and rehearsed by Dean Raymond N. Carr, assisted by Mr. Leonard Jeglum.

Misses Hazel Cannell, Marion Carlson, E. Ruth Garber, Marjorie Gillam, Ethel Groom, M. E. Herbert, Hazel Murphy, Lura Belle Randolph.

Mesdames J. L. Bach, Harry L. Brock, C. A. Cleveland, A. R. Corey, Theo S. Heggen, Sciota McAdow Herndon, Bessie Kischer, Thomas Messenger, Grace Parnham, George Ricketts.

Messrs. E. W. Bowlsby, Harry L. Brock, C. A. Cleveland, Hibbard Cleveland, C. Evan Engberg, Paul J. Garber, Thomas Harry Haddick, George R. Hill, Leonard Jeglum, Frank Kischer, Tom C. Mann, Fred Mathis, LeRoy Page, Hayden Phillips, George Ricketts, Glenn Ward, Ward Young, Clifford White.

Prologue.

The Prophet and Invisible Chorus.

PART I.

In the Temple.

Herod and his suite are worshipping in a pagan temple. The Prophet enters and denounces pagan rites. In a beautiful aria he declares that the Messiah and future King has appeared and that the new Lord will soon rule Heaven and earth.

The chorus of Romans implore Herod to wreak vengeance upon the intruder. Herod insists that he will not pollute the sacred place with the blood of the offender. Instead he commands the Captain and his guard to go forth and capture the new King.

PART II.

The Plains of Bethelam.

Orchestral Prelude.

The curtain rises on a pastoral scene with a Shepherd watching his flock. "In His Cradle" is sung by female voices from the clouds. Then the Shepherd sings, "Rejoice Greatly."

A caravan crosses the stage, followed by Three Wise Men. It camps for

the night. The Wise Men explain that they are following a wonderful star. The Prophet enters. He again declares the Messiah has appeared, saying, "Follow His Star in the East." As he closes his aria the Star shines forth. All kneel and chant, "The Hymn to the Star," finishing with a big climax.

PART III.

The Manger.

Prologue before the curtain shows the Procession of Three Wise Men and Pilgrims carrying gifts to the Babe of Bethlehem, followed by the Prophet and Shepherd.

The curtain rises, disclosing the Manger at Bethlehem with the Pilgrims paying homage to the Child. The Prophet sings, "My Prophecies are Fulfilled." The Virgin sings, "O King of Love." The Pilgrims chant, "Holy, Holy, Holy," and "Adestes Fideles," joined by the audience. The pageant is brought to a close by the "Hallelujah Chorus" from the "Messiah," with the audience standing.

Music and scenario arranged by A. F. Thaviu.

CONCERT BY THE OFFICIAL THIRD DISTRICT LEGION BAND OF IOWA.

CLATE W. CHENETTE, CONDUCTOR, ACKLEY, IOWA.

Miss Dorothy I. Whiteside, Mezzo Soprano; Mr. Howard Botts, Cornet; Mr. S. Gay Roosevelt, Tenor.

Evening Program, 8:00 to 10:00, Stock Pavilion.

1. Pomp and Circumstance.....Sir Edward Elgar

This number was especially written by Sir Elgar for the coronation of King Edward VII. The second movement was the inspiration for the writing of one of England's most famous songs, "Land of Hope and Glory."

Land of hope and glory, Mother of the free,
How shall we extol thee, Who are borne of thee,
Wider still and wider, Shall thy bounds be set,
God who made thee mighty, Make thee mightier yet.

2. Overture—1812 (Solennelle).....Tschaikowsky

The occasion for the overture is variously described. The composer mentions in his letters that the composition was written at the request of Nicholas Rubenstein. Others contend that the number suggests the Battle of Borodin, by the musical conflict of the Marseillaise and the Russian Hymn. The material consists, however, of three well defined subjects, the Russian Hymn at the opening and close, the Marseillaise and a folk song of the government at Novogorod.

3. Cornet Solo—Inflamatus from Stabat Mater.....Rossini

4. Suite—Four Indian Love Lyrics.....Amy Woodford-Finden

- (a) The Temple Bells.
- (b) Less Than the Dust.
- (c) The Kashmiri Song.
- (d) Till I Awake.

5. Tenor Solo—Good Bye.....Tosti

6. Tone Poem—Finlandia.....Sibelius

In his tone poem, "Finlandia," Sibelius pictures the beauty of Finland's scenery, "those vast stretches of moors; deep silent woods, and long dark winter," combined with the heart of his people; their despairing and passionate struggles; their pride of race and their melancholy sadness as a subjugated nation.

Intermission.

7. March—Stars and Stripes.....Sousa
 8. Grand Military Tatoo.....J. Mackenzie Rogan
 Bandmaster Coldstream Guards
 This number was specially written for the Massed Band of the
 Brigade of Guards, and was first played at the Royal Naval and Military
 Tournament, Agricultural Hall, London, 1905. The trumpet calls
 used are those of the Canadian and British army. The last call being
 that of "Tattoo" or "lights out."
 9. Soprana Solo—(a) The Lost Chord.....Sullivan
 (b) My Heart At Thy Sweet Voice.....Saint Saens
 10. Selection—Chu Chin Chow.....Norton
 The scene of the show Chu Chin Chow is laid in Persia. The plot
 follows very closely the story of Ali Baba and the Forty Thieves. The
 show itself probably had one of the longest runs on record, having a
 record of over 2,000 performances (5 years), at His Majesty's Theatre
 in London.
 11. Finale—The Star Spangled Banner.

MONDAY, AUGUST 30TH

Boone Day—Farm Bureau Day.

Automobile and Implement Dealers' Day.

This day has been designated as Boone Day. The plans provide for a caravan of two or three hundred automobiles to parade the down town district, also parade around the track in front of the Grandstand promptly at 1:30. This is a community spirit that the State Fair Management is glad to recognize in this manner.

This day has also been recognized as Farm Bureau Day. The Farm Bureau has arranged an instructive program which will take place in the Assembly Tent east of the Stock Pavilion at 10:00 a. m., and also at 1:30 p. m. in the afternoon. Nationally known authorities on agricultural subjects will appear on this program. The Farm Bureau will also maintain headquarters in the Agricultural Building.

The Fair Management also wishes to compliment the implement and automobile dealers for the wonderful display made this year. The Mid-Season Automobile Show, which is one of the largest held in the Middle West, will be found in Machinery Hall. The Iowa Implement Dealers' Association will also maintain headquarters at their booth at the east end of Machinery Hall. Dealers in attendance are requested to call at this booth and become acquainted with the officers of the Association.

**Why
We Like a
Good Judge**

A Good judge knows the subject.

We like to deal with a good judge of lumber because he appreciates the kind we sell.

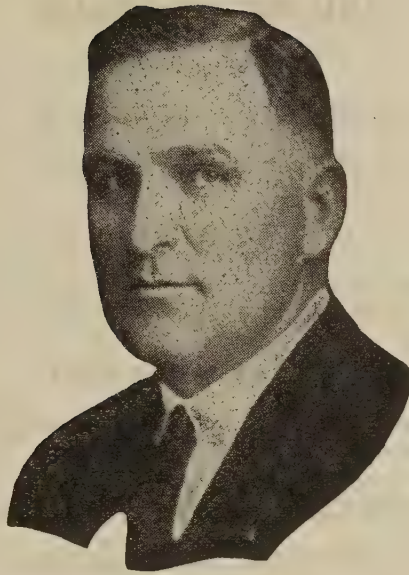

But whether or not you know anything about lumber, we see to it that what you get from us is good lumber.

Isn't that the main thing?

SEE US AT THE IOWA STATE FAIR

Our exhibit will be at the usual place just north of the Swine Pavilion and we invite all stock and poultry raisers to call and get acquainted and ask us to explain how the old reliable Fox Stock Powder earned the title "The Acknowledged Leader" and why it returns greater value per dollar invested than any other.

FOX STOCK POWDER is being fed regularly "the year 'round" by a constantly increasing number of satisfied customers. These stock raisers have been able to save more than 96 per cent of their sick and ailing pigs and raise many thousand others with no sickness or loss.

Our service includes a complete line of remedies, worm expellers, disinfectants and mineral feeds for all live stock and poultry.

OXFORD DOWNS—DIVISION NO. 62.

Amount Offered in This Division, \$308.

In addition to the above amount the Iowa State Fair offers \$210 on Iowa Special Classes, for Oxford Down sheep, bred and owned by residents of Iowa. Awards to be made in accordance with awards in the open division, except first prize winners in the open division, if Iowa sheep, are barred from competing in the Iowa Special Classes.

The American Oxford Down Record Association, Hamilton, Ohio, offers \$20 on Association Special Classes, which will be paid direct to the winning exhibitors by the American Oxford Down Record Association.
